

Ambridge Area School District Pre-K Classroom Enrollment Announcement 2017-2018 School Year

The Ambridge Area School District will operate three PA Pre-K Counts Classroom servicing three-year old and four-year old students. Four-year old students have first priority. The School District is accepting applications for the Pre-K classroom. Our program will service twenty students per classroom. If you are interested in the program and meet the requirements, applications are located in the elementary offices and the Attendance Office at the Senior High School. Only students with complete applications will be considered for the program. When completing the application, please bring the required documentation.

The Pre-K Counts Program serves both breakfast and lunch. Transportation is provided for all students. Our program is recognized by the State for offering high quality instruction in all areas of early childhood development—social, academic, gross motor, fine motor, and behavior. In addition, a wide range of services are offered to our families who participate in the program.

Highland Elementary has two Pre-K classrooms and Economy Elementary has one Pre-K classroom.
