

# HELLO STEAM Student!

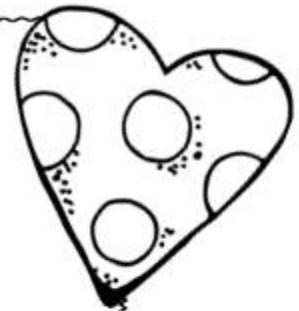

My name is **Mrs. Darroch**. I am so excited to be your **STEAM** teacher! STEAM stands for Science, Technology, Engineering, Art, and Math. In our STEAM Lab, we will learn 21<sup>st</sup> century skills like circuitry, coding, robotics, problem solving, teamwork and much, much more! It is a *joy* to have **you** in my class.

Throughout the year, we will be collecting these items for creative projects in our STEAM Lab. Thank you for your *donations*. Always ask an adult before bringing in anything from home.

- \* empty egg cartons
- \* empty paper towel tubes
- \* buttons
- \* beads
- \* wallpaper samples
- \* pipe cleaners
- \* bubble wrap
- \* packing peanuts
- \* yarn

In our STEAM Lab we believe in the power of the word "YET". We believe there is a *difference* between not knowing and not knowing something **YET!** We say, "I can't do this...*yet*." or "This doesn't work...**yet**."

Love,

Mrs. N. Darroch
