

WELCOME TO ART

Economy Elementary | Grades | K-2

KINDERGARTEN

Kindergarten will be discovering the foundations of art within the art classroom. They will be creating hands-on projects inspired by books, all while being exposed to a variety of tools and techniques!

FIRST GRADE

First grade students will build on their foundation they learned in kindergarten and explore the elements of art. Also, some projects will reinforce their reading curriculum.

SECOND GRADE

Second grade students will be applying the basics that they've learned the previous year in a series of famous artist inspired projects.
